

Only in the Darkness

Ellen Rice (Copyright February 2020)

[Verse 1]:

This money was, burning a hole in my pocket
So I took it out, and I bought a round for your friends.

But when I looked, I was alone at the counter.
So I took a shot, and toasted to both of our ends.

[Chorus]:

What is this life about?
I thought I had it figured out

But it's only, in the darkness
Yes it's only, in the darkness
It's only, in the darkness, you can see the stars.

[Verse 2]:

This money was, burning a hole in my pocket
So I took a cab, to Baltimore

I found myself, there in a field by the roadside
With a sack of ideas, and no place to call home.

[Chorus]:

What is this life about?
I thought I had it figured out

But it's only, in the darkness
Yes it's only, in the darkness
It's only, in the darkness, you can see the stars.
