

Deep Blue Sea

An adaptation of Ed Makof's original song recorded in Barcelona, Spain

Verse 1

I love you more than all the shadows
Cast by the evening light through the forest trees
I love you more than all the drops of rain falling down
Play pitter-patter through the autumn leaves
I love you more than all the ways I feel
When you come close to me
I love you more than all the water (all the water)
In the bottom of the deep blue sea

Chorus

In the bottom of the deep blue sea
I love you more
In the bottom of the deep blue sea
I love you more
In the bottom of the deep blue sea
I love you more

Verse 2

I love you more than all the gray
Floating in the northern sky
I love you more than all the mountains (all the mountains)
Standing with their snow white peaks
I love you more than all the secrets
Hiding in the people's eyes
I love you more than all the water (all the water)
In the bottom of the deep blue sea

Chorus

In the bottom of the deep blue sea
I love you more
In the bottom of the deep blue sea
I love you more
In the bottom of the deep blue sea
I love you more
