

Fearless
Sherri Tennant

Verse 1

Turn the page slowly.
Leave the pain behind.
Thought I knew how to love you this time.
Be kind.
But I needed a little more patience.
Needed a little more time.
Love inside was clouded by my tired mind.
Tired mind

Chorus

This time I'm fearless.
This time I'm free to choose what I say and what I do.
This time I'm fearless.
This time I'm free to choose.
Laugh at lies embrace the truth.

Verse 2

White knuckles clinging kept us in a bind.
Trying to survive no time to look inside.
When we both believe love is the divine
Master key will open shackles of our minds.
Free minds

Chorus

This time I'm fearless.
This time I'm free to choose what I say and what I do.
This time I'm fearless.
This time I'm free to choose.
Laugh at lies embrace the truth.
